DALLASTOWN LIONS CLUB

ZEPPELIN

The Dallastown Lions Club would like to introduce you to our Leader Dog puppy in training, ZEPPELIN. Our Club is sponsoring Zeppelin as a future Leader Dog by donating money to the Leader Dog program twice a year with all of the collections from you, our residents.

We will be at our local Nells on South Queen Street collecting money to support Zeppelin's training on

Friday, October 18th and Saturday, October 19th. One hundred percent (100%) of the money collected at that time will be sent directly to Leader Dog!

Come visit your Lions at Nells to support Zeppelin so he can one day give support to a person in need. "Leader Dogs for the Blind empowers people who are blind, visually impaired or Deaf-Blind with skills for a lifetime of independent travel."

DALLASTOWN LIONS CLUB PARK

We have so many great things to tell you about the upcoming improvements to our local Lions Park. The first is our partnership with the Dallastown American

Legion Post 605 on a new children's playground area. This new playground will service children ages 2 to 5 years of age and will be constructed with handicap children in mind.

A handicap access to the playground will be installed along with an autism/handicap swing. The new playground will also have a safety fence for those children to play in safety and a sensory station for those who are sight impaired. Funding will be provided by our Dallastown American Legion Post 605, Dallastown Lions Club and the Pennsylvania Lions Foundation.

Another partnership is with our local boy scouts! This fall, Sean Fleagle, one of our local boy scouts from Troop 50, will have installed a new walking trail for all to enjoy as his Eagle Scout Project. Sean and his troop will also be helping the Lions and the American Legion to install a new walkway leading to the building for those who are unable to traverse the terrain. This will ensure that everyone can enjoy our facility!

We wanted to thank both the Dallastown American Legion Post 605, Eagle Scout Sean Fleagle, and the entire Boy Scouts Troop 50 for helping to bring our park into the 20th Century and to be accessible by all our residents.

The Dallastown Leo Club and our Dallastown MCJROTC cadets are always an important partner to the Lions by helping with all projects and especially, opening and closing the park!! For updates on our improvements, follow us on our Facebook page.

DALLASTOWN LIONS 85th ANNIVERSARY

The Dallastown Lions Club has been serving the Dallastown area for over 85 years! We celebrated our Anniversary by honoring those who gave of themselves in service to their community. Every Lion works extremely hard and has done so for many years! All Lions were honored for their service, however, three were given one of the highest honors awarded to a Lion, the Melvin Jones Fellowship, by all the Melvin Jones recipients in the room. Melvin Jones was the founder of Lions and it is fitting that this award bears his name.

(Melvin Jones recipients from
Dallastown Lions Club and other
Lions in our District)

One of those honored was Lion Norman Morris. Lion Norm has only been in the Dallastown area for a short time, but he has served as a Lion in his hometown for over 30 years. Lion Norm has served in most capacities in Lions and is always willing to take on anything. Lion Norm is what Lionism is truly about and we are so proud to have him as a Dallastown Lion!

(Lion D. Michael Craley, President and
Lion Norman Morris)

Another of those honored was Lion Rev. Rodger L. Snyder. Lion Rev. Rodger has also not been in the Dallastown area very long, however, his service was so extensive that District Governor Lisa Griffie honored him with his Melvin Jones from the entire District. Lion Rev. Rodger has served in many positions throughout his career as a Lion and has served for over 40 years! The Dallastown Lions are so grateful that Lion Rev. Rodger decided to make Dallastown his home!

(Lion Rev. Rodger L. Snyder, Lion
D. Michael Craley, President, and
District Governor Lisa Griffie)

The third Lion that was honored was Lion Robert H. Schmuck, Jr. Lion Bob has served the Dallastown area for over 40 years. Lion Bob has served in almost every position in our Dallastown Lions Club and is always willing and able to “do everything”! Lion Bob was awarded a Melvin Jones Fellowship in 1998 and was honored at our Anniversary with Dallastown Lions Club’s first and only “Progressive Melvin Jones Award”!

Congratulations to all Melvin Jones recipients and to all the members of the Dallastown Lions Club for serving your community for over 85 years!

(Lion D. Michael Craley,
President and Lion Robert H.
Schmuck, Jr.)

BEACON LODGE

This is the second year in a row that the Dallastown Lions Club has sponsored the Slenker family for a week at our Pennsylvania Lion’s Beacon Lodge. Beacon Lodge is a beautiful five hundred and eighty-three acre summer camp for children and adults with special needs including blindness, deafness, and many other physical and mental challenges. It is nestled in the natural woodlands along the Juniata River of Central Pennsylvania just two miles west of Newton Hamilton, near Mount Union. Beacon Lodge was established in 1948 as a summer camp for blind residents of Pennsylvania and it has grown into a favorite retreat for many people with disabilities as well as a conference center for special groups, an educational facility for families, a rental camp for group retreats, and more. The goals of the camp were and are to present a well-rounded program adaptable to all campers and others.

A special program at Beacon Lodge has been designed, taking into consideration the individual needs and abilities of each camper. We have many group and individual activities, all geared toward fun with an educational theme. Our most important goal in everything we do is to motivate each person to focus on what they can do, not what they can’t.

Anyone interested in attending this camp next year is encouraged to contact the Dallastown Lions Club for more information or visit the Pennsylvania Lion Beacon Lodge Camp webpage at <https://www.beaconlodge.com/> Thanks to the Slenker family for bringing such wonderful memories back to our club to share.

Joining in was the Seeing Eye Dog Club, Corvette Club, Elk Riders, Old Farts Fire Engines, Rivers Trucks, Wyndridge, Thornton Chrysler Dodge Jeep RAM, some of the local politicians and local fire companies. NATIONAL NIGHT OUT 2019

This year's event, sponsored by the York Area Regional Police Department, was held on Tuesday, August 6th at the Dallastown Community Park. There was quite a lot going on this year. Besides meeting the local Law Enforcement, EMS & Fire Department personnel, there were

representatives from Safe Kids York County, Patton's Veterinary Hospital, York County Probation, United Way of York, ACNB Bank, Peoples Bank, York County Parks, State Farm Insurance, York County 911, St. Paul's Church, Child Abuse Prevention Outreach, NAMI PA York County, York County District Attorney's Office, York County Literacy Council, Primerica Financial Services and H&R Block.

There was a police motorcycle demonstration, a tug-of-war between the police and the fire departments which the police won again this year, and a firefighter's competition which Dallastown Rescue Fire Co won.

The kids had a great time on the two waterslides, visiting with all the critters from the 4-H Club of Airville and Critter Connection and participating in the NNO Passport game.

It was a great night thanks to the efforts of Sgt. "Pete" Montgomery and the York Area Regional Police Department!

WE'RE EXCITED TO ANNOUNCE FIRST CAPITAL EMS!

First Capital EMS is a management company that is consolidating the services and personnel of Grantley Fire & EMS, West York Ambulance and York Regional EMS organizations.

Through grant funding provided by the York County Community Foundation, First Capital EMS has been able to combine these three non-profit EMS organizations into a newly formed entity that improves services to our York community. This effort will

contribute to a more sustainable EMS service with a wider range of highly-skilled Paramedics and Emergency Medical Technicians to assist the region's changing emergency needs.

This collaboration allows these organizations to plan for the future while placing the emergency medical needs of the York community first. This cooperative effort will optimize service, help contain expenses and create new employment opportunities.

As mission-driven organizations, focused on the well-being of our neighbors, we will continue to be community-centric with our primary focus on our patients and the ability to create a sustainable and affordable service for those that we serve.

As we finalize the combining of our organizations, there will be no disruption to service. Each will continue to operate under their current name and in their current response areas as our collaboration progresses.

SOME FUN FACTS

- Simple block shaped toys have been around for hundreds of years, but it took a 20th- century Danish genius named Ole Kirk Christiansen to invent the interlocking pieces we know today as LEGO bricks. It all started in 1932 in the village of Billund, long before LEGO had achieved world domination as a brand. LEGO in Danish is "leg godt" (play well).
- On December 25, 1983 was the 1st live telecast of Christmas Parade.
- Our eyes are always the same size from birth, but our noses and ears never stop growing.
- Fall colors are caused by the amount of sugar in leaves. The more red in the leaf, the more sugar that leaf is storing. That is why Maple trees are so vibrant. Evergreens don't change because their leaves have a thick wax covering that protects the chlorophyll (green) in the leaves.
- TYPEWRITER, is the longest word that can be made using the letters only one row of the keyboard.

These include **A Matter of Balance**, **Healthy Steps for Older Adults**, and **Healthy Steps in Motion**. *All three courses are available to adults ages 60 and older!*

Currently, **A Matter of Balance** is being held at a variety of locations and times. In addition, another evidence-based class, **Healthy Steps for Older Adults**, is scheduled in October. This two-day program reduces fall risks among older adults by raising awareness about the causes of falls and how to prevent them. Adults 60 and older will learn how to exercise safely at home, and ways to improve their health and well-being. A unique part of this program is the involvement of participants in physical skill screenings to determine an individual's fall risk. Participants will be referred to appropriate healthcare professionals and community resources as deemed necessary.

Thursdays; 1:00 pm-3:00 pm

Finally, the third falls-prevention offering, **Healthy Steps in Motion (HSIM)**, begins in mid-November. This evidence-based series is designed especially for adults age 60 years and older, who have concerns about falling and are interested in a more exercise-focused fall prevention program, as well as balance improvement. It starts with a warmup, followed by strength and balance exercises, and ends with a cool-down stretch. There are three levels of exercise, which enables

participants to continue HSIM for as long as they like. HSIM strives to reduce the risk of falling by building body strength, increasing flexibility and improving balance.

WILL YOU NEED HELP WITH RAKING AND SHOVELING?

York County older adults age 60+, who are interested in getting help with fall cleanup, raking, snow shoveling, programming electronic devices, or with other household chores are encouraged to arrange for help from a Rent-A-Kid. The Rent-A-Kid program is sponsored by the York County Area Agency on Aging. This is an “intergenerational program” that connects together York County older adults who need help, and nearby middle and high school students in grades 7-12, who want to help. For over 30 years, “Kids” have been helping and learning from older adults through the Rent-A-Kid program. The **goal** of the Rent-A-Kid program is not only to get an important job done, but also to foster friendships between older adults and youth. Lifelong, rewarding relationships have blossomed between kids and older adults!

Older adults in need of assistance can call the Rent-A-Kid coordinator, Hope Eberly, at **717-771-9103**, who will provide names and phone numbers for youth nearby who may be interested. It is the responsibility of the older adult to contact the youth and discuss the job to be done, when it is to be done, the rate of pay for the job, and any other arrangements that need to be made. The older adult needs to be agreeable to a reimbursement of a minimum of \$5/hour, or a negotiated rate based on the job.

Middle and high school students in grades 7-12 who are interested in participating should contact their local school guidance counselor for the application. Home schoolers can obtain an application at www.ycaaa.org on the Forms and Documents page, or call Hope Eberly at **717-771-9103** for an application.

From the Desk of Mayor Meyers.....

How time flies! Not long ago I was writing my newsletter article welcoming spring and summer and now it's time for the fall and winter newsletter. As I write this article it is still summer, but it is September and I already am not looking forward to winter. But, life goes on and there are many wonderful days to look forward to.

I would like to ask the men and women of our community to show the children of Dallastown how to serve our community by volunteering to help with the many projects we have coming up. We need your help in keeping Dallastown a clean, neat and safe community to live in.

We welcome volunteers to help with the upcoming Halloween Parade and also with keeping our little Trick and Treaters safe while they are going from house to house. Remember to turn your lights on so they know where they can stop.

This is not something I like to think about... SNOW! Remember you have only 24hrs after the storm to get your sidewalks cleared of snow.

November 11th is Veteran's Day, so be sure to thank all our veterans for their service.

One final thought, we have a wonderful community to live in with not a lot of crime, but never let your guard down. The best way to keep yourself from becoming a victim is to always lookout for the unusual. If you see someone or something which doesn't look right and makes you suspicious, please notify the police. Keeping your cars and houses/garages locked and not leaving valuables in your car, may be all it takes for you not to become a victim. Leaving that brand new bike outside is only asking for trouble. Also, remember preventing crime could be an easy as calling the police when something or someone doesn't look right and then being a willing witness, if necessary. If we are afraid to fight crime, the crime will just increase and finally no one will be safe. Remember call 911.

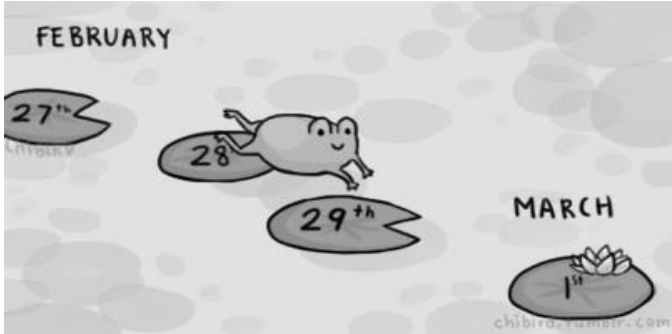

Also remember, if I can be of any help or if you just want to ask a question, please feel free to call the borough office and leave a message for me and I will call you back. Also, check our website for times of meetings and dates of things happening in Dallastown.

Yours truly,
Mayor Terry L. Meyers, Sr.

WHAT IS LEAP YEAR?

Leap Year occurs every 4 years, adding an extra day in February.....the 29th. Normally there are 365 days in our calendar year, but during leap year there are 366.

The reason we have a Leap Year has to do with the earth and the sun. It takes the earth 365 days, 5 hours, 48 minutes & 46 seconds to complete the orbit around the sun. This is called a Solar Year. The Solar Year is supposed to line up with our calendar year, but without adding a day every 4 years, that won't happen.

So, how do you know if it's going to be a Leap Year? The year must be able to be evenly divided by the number 4, such as 2020.

Here are some fun facts about Leap Year!

- 🌐 The Egyptians were the first to start Leap Year. The Romans followed the Egyptians & picked the date February 29th.
- 🌐 Babies born on Leap Day, February 29th, are called leaplings and usually celebrate their birthday on March 1st.
- 🌐 The US Presidential Elections and Summer Olympics happen during Leap Year.
- 🌐 Leap Years are the only years where January 1st & December 31st are on different days of the week.
- 🌐 About 4 million people in the world have been born on February 29th.

WHAT IS EMA?

How many residents actually know what the Emergency Management Agency (EMA) does to keep everyone prepared for a natural disaster or emergency. The EMA Co-coordinator staff in your borough or municipality are trained continuously to help assist state level leaders & EMA personnel in handling all phases of the emergency management process, whether the emergency is a natural disaster or human caused!

The Commonwealth of PA Emergency operations Plan (EOP) follows the principles of the National Incident Management System specified by Homeland Security. Most disasters & emergencies are best managed in four phases: Prevention, Preparedness, Response, Recovery & Mitigation. (Stormready.gov)

Emergency Management in PA is based on a cooperative unified effort involving local, county, Regional Task Force, State, Federal, non-governmental, non-profit organizations & private sector working with individual citizens & communities to ensure protection from or adequate response to emergencies.

Every area of PA is at risk to human caused emergencies & Natural disasters. The state has considerable transportation infrastructures, air rail, marine & road traffic that is vulnerable to disastrous events.

Government & private agencies and organizations host sports, entertainment, cultural, political & business events that involve large numbers of participants.

So, ask yourself... am I prepared? Do you have your "Go Bag" list? What do you need for your emergency kit? Are you storm ready?

The "Go Bag" list and other storm ready information are available at the Borough office.

If your school, business, or organization is interested in free training on preparedness my office number is 717-244-6626 from 8:00 to 4:30.

Please keep all our responders who are working to help the victims of hurricane Dorian in your prayers. Have a great holiday season!

FUN FACTS.....

- ☆ Indiana County in Pennsylvania has come to be known as the Christmas Tree Capital of the World.
- ☆ The average human eats 8 spiders in their lifetime at night.
- ☆ Only one person in 2 billion will live to be 116 or older.

FOR THE KIDS.....

SPIDER

Spiders come in different shapes and colors. In general, spiders will have a round body that is sometimes hairy. They have eight legs. Spiders can be found anywhere but they prefer dark places like cracks in the wall and in dead logs. They live about a year but up to six months of that could be in the egg depending on temperature. Spiders spin a web to catch flies and other insects to eat. Spiders help the environment by keeping the number of the flies. Birds, reptiles and monkeys like to eat spiders. Some spiders are large enough to eat small fish and birds!

****CHRISTMAS TREES CAN BE DISPOSED OF ANY THURSDAY AS A LARGE ITEM****

SIDEWALKS – Snow/ice is to be removed from the sidewalks within 24 hours after a winter storm ceases. Properties at street intersections: **please** clear the snow that piles up at the sidewalk corners. This will help school children, the postal service and other pedestrians safely cross the street. We ask those who do not have sidewalks to follow this as well.

PLOWING STREETS – The snow plows will be plowing snow from “curb to curb” to remove as much snow from the streets as possible. This process takes time so please have patience and bear with us as we work to clear the streets as quickly as we can. When removing snow from your sidewalks, do not shovel the snow into the streets.

****In heavy snow storms, plows will be clearing driving lanes as quickly as possible and then will go back to work on clearing the sides/shoulders of the roads from curb to curb. Unfortunately, this sometimes pushes snow back on to your sidewalks which you may already have shoveled. If this occurs, we apologize for the inconvenience and added work that it may cause you, but it is essential to make our streets safe.**

In the event of a **Snow Emergency**, announcements will be made on **WGAL-TV 8, FOX 43, ABC 27 WHTM, CBS 21, WARM 103.3, 96.1 WSOX, FROGGY 107.7, ROCKY 98.5** and the local newspapers.

NO PARKING will be allowed on the “snow emergency routes” when an emergency is declared. Vehicles that are not moved will be towed at the vehicle owner’s expense.

Snow Emergency Routes:

The following streets shall be declared snow emergency routes: (Streets are posted)

- Main St.
- South side of W. Maple St. from Borough Line to N. Walnut St.
- South side of E. Maple St. from N. Walnut St. to N. Park St.
- N. Walnut St. from Main St. to Maple St.
- S. Walnut (WEST SIDE ONLY) from Main St. to E. Gay St.
- E. Gay St. (SOUTH SIDE ONLY) from S. Walnut St. to S. Pleasant Ave.
- N. Pleasant Ave. from Main St. to E. Broad St.
- E. Broad St. from N. Pleasant Ave. to N. Lombard St.
- N. Lombard St. from E. Broad St. to Borough Line
- S. Pleasant Ave. from Main St. to Borough Line
- N. Park St. from Main St. to E. Maple St.

Temporary parking is available at the following locations when a snow emergency is in effect: Fire Company parking lot, High School and Elementary School parking lots and Bethlehem United Methodist Church, Christ Lutheran Church and St. Paul’s United Church of Christ parking lots.

LEAF COLLECTION IN THE BOROUGH

Leaf collection will run
from October 21st through
December 13th, weather permitting.

Tuesdays will be designated to the east side of the borough and Wednesdays will be designated to the west side. Please remember to rake them as close to the edge of the curb as possible away from cars, fences, posts or poles. Tree limbs, sticks, shrub or hedge trimmings, grass, stones or any other foreign objects are not to be deposited in the leaves; otherwise the leaves will not be collected. Thank you for your cooperation.

STREET LIGHTS

PET OWNERS!!!!!!!!!!

When walking your pets,
PLEASE be responsible
and clean up after them.

ATTENTION!!

GRASS GROWING IN THE CURBS & SIDEWALKS.....

The sidewalks adjacent to your property are yours to maintain. Grass & weeds are to be removed from curbing & sidewalks, including where the curb joins the street, and around utility poles & traffic signs. Help Dallastown Borough keep its small-town charm by removing the weeds from your sidewalks.

A MESSAGE FROM THE TAX COLLECTOR.....

SPRING STREET SWEEPING

Please remember to keep your sidewalks clear for street sweeping this year. If your walks are not cleared, a "Quality of Life" violation can and will be issued.

DON'T FORGET.....

Disconnect your garden hose from the outside faucet when the temperature drops.

Help make Dallastown and your community a cleaner place to live by WINNING a DIY Rain Barrel KIT.

Consider the benefits of harvesting rain water for your garden:

- Rainwater is free***
- Rainwater is a clean, chemical-free source of water for plants***
- Rainwater seeps into the soil, pushing salts from tap water down and away from the plant's root zone***
- Rainwater allows for better root growth and water absorption, increasing the drought tolerance of plants***
- Rainwater harvesting reduces off-site flooding and erosion by holding rainwater on the site***
- Harvesting rainwater reduces dependence on ground water and the amount of money spent on water***
- Rainwater harvesting is an efficient water conservation tool***

*****Please remember that, from a public health standpoint, any standing water in rain barrels should be screened to keep mosquitoes from breeding. *****

It's no joke: Roof runoff can be captured in a rain barrel and used later for irrigation, which not only reduces the amount of polluted water flowing down storm drains, but also helps conserve water.

If you would like to try and win the DIY KIT, Please Fill & Cut out the slip then send in or drop off at the Dallastown Borough Office, 175 E. Broad St., Dallastown, PA 17313.
