

DALLASTOWN BOROUGH STREET EXCAVATION PERMIT FEES

\$ 50.00 Application Fee
\$100.00 Administrative Fee if permit is not requested prior to excavation. \$100 + application fee of \$50

General permit/inspection fees:

Surface openings:

- Opening in pavement and/or improved shoulder
 - a. Opening less than 36SF - \$30.00
 - b. Opening more than 36SF - \$30 for each 100 linear feet increment or fraction thereof. Minimum of \$40

- Opening outside pavement or unimproved shoulder \$20

- If an opening is located both inside and outside the pavement or improved shoulder, the fee shall be based on the SF calculation as if the entire project was located within the pavement and/or improved shoulder area

Non-emergency test holes in pavement or shoulder (each hole) \$5

All work must be performed as stated in the Dallastown Borough Code of Ordinances with appropriate signage as well as flagmen if necessary. All care must be given to the motoring public. All areas must be dust and mud free.

Any work done within the legal limits of the road right-of-way requires an application for a permit. An application **DOES NOT** guarantee the right to excavate. You must have an approved permit **PRIOR** to excavation.

Failure to obtain an approved permit prior to excavation will **ADD** \$100.00 administrative fee to the permit plus inspection fees.

All excavations must have blacktop removed 12" past the width of excavation, compacted stone in 8" lifts, be done and maintained until final paving is complete.

You **MUST** maintain your cut indefinitely. **ALL STREET CUTS MUST BE FINISHED WITHIN 60 DAYS.**

Applicant's Signature _____ Date _____

Representative of above agrees to all terms with signature.
