### **V ENGINEER'S REPORT**

- South Park Street Tank: Following last month's Authority meeting, HRG, Borough Staff and IK Stoltzfus have performed a significant amount of coordination to prepare for the internal tank repairs, including virtual meetings and schedule coordination efforts with Mid-Atlantic. The tank is currently drained, and work has been performed to assist in removing accumulated sediment from its bottom. Samples of the encrusted materials accumulated on the fill/drain piping were collected by IK Stoltzfus and will be sent for laboratory testing. Mid-Atlantic's crew will begin the internal repairs to the tank on Monday, April 7<sup>th</sup> and expect to be completed by the end of that week. Mid-Atlantic recommends leaving the tank drained for an additional week following the completion of the repairs to allow for proper curing of the sealants used for the repairs. The tank will be ready to return to serve around the time of Easter. IK Stoltzfus will be providing periodic inspection and oversight of the work.
- Heather Glen subdivision: We continue to await the receipt of a revised Plan from the Developer addressing our previous Plan Review letter dated October 2, 2024.
- CFA PA Small Water and Sewer Grant Applications: As previously discussed, this Grant program recently opened and is accepting applications through April 30, 2025. Eligible projects are those with a total project cost between \$30,000 and \$500,000.
