

DALLASTOWN-YOE WATER AUTHORITY AGENDA

April 12, 2023

I MEETING CALLED TO ORDER

II PLEDGE OF ALLEGIANCE

III ACTION ON 3/8/23 MEETTNG MINUTES

IV VISITORS

V ENGINEER'S REPORT

1. SR0074 (Hardees) Interconnect Project: We continue to assist the Authority and Borough Staff in responding to inquiries received from CFA on the funding application submitted to the PA Small Water and Sewer Program for construction of this project. The PA DEP Public Water Supply Permit amendment for this project has been submitted to PA DEP via their OnBase program. The remaining items to finalize the design are the electrical and communications components of the metering station, and we will have our Electrical Engineer assist in completing the design of these features. We'll continue to await news on the award of a grant for the project prior to finalizing plans for construction.
2. Park Street Tank: The Public Water Supply Permit amendment for installation of the new mixer is under review by PA DEP and must be received prior to installation.
3. Water System Model: We have prepared the hydraulic model utilizing drawing scans, system information gained through access to the GIS system and other record information provided by the Borough. We continue to review and analyze the water demand/usage information compiled by the Borough Staff which will be utilized in the simulations for the analysis. The modeling effort is ready for the performance of fire hydrant flow testing at key locations which will be utilized to calibrate the model and for the performance of various flow simulations, and we will coordinate with Joe Joines on having the tests performed. We'll also install the data loggers in the system to monitor residual pressures at key locations during performance of the flow tests.
4. There was sub division presented for 70 S Franklin

VI SOLICITOR'S REPORT

- Verizon
- T-Mobile
- Other

VII MANAGER'S REPORT

- Tank Level Report
- Master Meter Reads
